4. Account management services

- 4.1. In the month of conclusion of the bank account agreement the Bank shall not charge an account management fee; thereafter, the provisions of this List of Conditions shall apply.

- 4.2. Changes between account management services are performed by the Bank in accordance with the following:

If the Client wishes to change account management service, then he/she must conclude a new account management agreement. If the agreement is concluded before the 15th (fifteenth) day of the given month, the monthly account management fee applicable to the selected, new account management service will be charged with respect to the entire month. If the contract is concluded after the 15th (fifteenth) day of the given month, the monthly account management fee as per the bank account agreement that is valid until the 15th day of the given month will be charged for the entire month. With respect to the settlement of transaction commissions, until the day of signature of the new account management agreement, the commissions of the account management service that is valid until then will be charged, while in the case of transactions executed from the day following the signing of the new account management agreement, the commissions of the new account management service will be charged. The account management service may be changed on a maximum of one occasion per month. At least 14 (fourteen) calendar days must elapse between changes of account management service.

- 4.3. The commissions specified herein apply to services and procedures that are not subject to a separate risk assessment.

- 4.4. If the amount of a commitment refers to an "approx." amount, the amount of the commission will be calculated on the entire amount of the commitment.

- 4.5. The Bank reserves the right to only accept orders that are in compliance with its business policies, and the listed conditions shall be understood as referring only to such orders.
 - 4.6. In addition to the listed commissions, any out-of-pocket expenses such as postage, cable, telephone, fax charges etc. incurred in respect of any transaction involving the customer's bank account will be debited from the customer's account held in the relevant currency, as will any justifiably charged cost and commission claims of banks, financial institutions or other institutions involved in the arrangement of the transaction. (This also includes, in the case of outgoing FCY payments to destination countries that use the IBAN international bank account number format, the fee of approx. EUR 5-15, charged by the foreign bank if the beneficiary's account number was indicated incorrectly, or indicated in non-IBAN format, on the payment order.)
 - 4.7. In respect of services not mentioned in the List of Conditions – including services performed by special request – we charge commission in accordance with a separate, individual agreement. We will be pleased to provide our customers with information on this.

An immediate review takes place based on the latest BUBOR/EURIBOR/LIBOR values if the change, of any direction, of the latest EURIBOR/LIBOR exceeds 25 basis points relative to the average EURIBOR/LIBOR applied at the time of the last review, or if this same change exceeds 50 basis points in the case of BUBOR. In all cases the Bank rounds the calculated CIB Prime Rate values up or down to the first decimal place.
