In the case of a cash deposit made using an automated teller machine, the crediting of the cash sums on the beneficiary's payment account is performed by the payment service provider on the working day of checking the amount of the deposit, within three days following the deposit, with a value date that is the same as the working day of crediting.				

In the case of cash deposits made via the night safe, the Bank – based on a separate agreement concluded with the Client – will take receipt of the value of any bank notes that have been deposited in the night safe by the Client by 8 a.m. on the Banking Day classified as the day of receipt, on each Banking Day at 8 a.m. (day of receipt), and shall, in accordance with the provisions of the separate agreement, credit this sum on the Client's Bank Account. The Bank shall be entitled to unilaterally amend the designated time of 8 a.m. of the day of receipt, subject to prior written notice sent to the Client.

The details in this document apply in respect of the Client's – no longer sold – orders belonging under the effect of the List of Conditions for Non-resident Businesses.
