The Bank reserves the right to amend these conditions at any time either in part or in full, within the limits determined in the General Business Regulations and subject to the conditions stipulated therein.

The Bank shall inform its customers about any changes to the List of Conditions by displaying such changes in its branches, and publishing them on the Bank's website (www.cib.hu), and, in the instances defined in the General Business Regulations, it shall also inform its customers of such changes directly.

2. For the purpose of this List of Conditions, business and other organisations are defined as economic associations, foundations, societies, chambers, public benefit associations (until their transformation / dissolution), faith institutions, housing co-operatives, condominiums and lawyers operating as incorporated undertakings, local municipalities, municipal associations and water utility companies. This List of Conditions is only applicable to sole traders in respect of the business activities if the special terms and conditions related to the product used by them contain an express stipulation to such effect.
3. The special conditions of credit, deposit or account-management products offered to individual customer groups or otherwise standardised are contained in separate terms and conditions, in which specific reference is made as to whether in respect of conditions that are not regulated therein, or that are not regulated differently therein, the present terms and conditions apply.

4. Account management services

- 4.1. In the month of conclusion of the bank account agreement the Bank shall not charge an account management fee; thereafter, the provisions of this List of Conditions shall apply.

- 4.2. Changes between account management services are performed by the Bank in accordance with the following:

If the Customer wishes to change account management service, then he/she must conclude a new account management agreement. If the agreement is concluded before the 15th (fifteenth) day of the given month, the monthly account management fee applicable to the selected, new account management service will be charged with respect to the entire month. If the contract is concluded after the 15th (fifteenth) day of the given month, the monthly account management fee as per the bank account agreement that is valid until the 15th day of the given month will be charged for the entire month. With respect to the settlement of transaction commissions, until the day of signature of the new account management agreement, the commissions of the account management service that is valid until then will be charged, while in the case of transactions executed from the day following the signing of the new account management agreement, the commissions of the new account management service will be charged. The account management service may be changed on a maximum of one occasion per month. At least 14 (fourteen) calendar days must elapse between changes of account management service.

- 4.3. The commissions specified herein apply to services and procedures that are not subject to a separate risk assessment.

- 4.4. If the amount of a commitment refers to an "approx." amount, the amount of the commission will be calculated on the entire amount of the commitment.

- 4.5. The Bank reserves the right to only accept orders that are in compliance with its business policies, and the listed conditions shall be understood as referring only to such orders.

- 4.6. In addition to the listed commissions, any out-of-pocket expenses such as postage, cable, telephone, fax etc. incurred in respect of any transaction involving the customer's bank account will be debited from the customer's account held in the relevant currency, as will any justifiably charged cost and commission claims of banks, financial institutions or other institutions involved in the arrangement of the transaction. (This also includes, in the case of outgoing FCY payments to destination countries that use the IBAN international bank account number format, the fee of approx. EUR 5-15, charged by the foreign bank if the beneficiary's account number was indicated incorrectly, or indicated in non-IBAN format, on the payment order.)
- 4.7. In respect of services not mentioned in the List of Conditions – including services performed by special request – we charge commission in accordance with a separate, individual agreement. We will be pleased to provide our customers with information on this.
- 4.8. In the event of termination of the bank account agreement, the cash-desk withdrawal, transfer, or intra-bank transfer between the customer's own accounts, of an amount below HUF 1,000 – or an equivalent FCY amount determined on the basis of the valid FCY mid rate quoted by the Bank on the day of execution of the related payment order by the Bank – shall be free of charge.

5. Settlement of fees, costs and commissions – with respect to all bank account services

5.1. Fees, costs and commissions

The Bank will debit any incurred fees, costs and commissions at the time it executes the transaction, except for the following fees, costs and commissions, which the Bank will debit on the last working day of the month:

- Minimum turnover commission
- Bank account statement transferred via SWIFT (MT940)

5.2. Fees, commissions and costs related to foreign currency transfers

The HUF equivalent of FCY transfer commissions and costs are debited at the time of execution, and any justifiably charged cost and commission claims of banks, financial institutions or other institutions involved in the arrangement of the transaction (e.g. additional fees charged in respect of transfers that require manual processing by them) are debited as and when they arise. In the case of orders where the beneficiary is not within the EEA or that are in a non-EEA currency, if the initiator of the order does not agree to pay the foreign bank charges, the transferred amount will be credited to the beneficiary's account reduced by any fees charged by intermediary banks, which differ in their extent from one bank to the next.

In the case of orders involving conversion, the equivalent of the amount of the order involving conversion is blocked – in the event of the application of an FX commercial rate or an FX rate, then increased by the amount of +1% risk premium – until the rate that is to be applied in the course of

execution is known, in order to ensure that there is no shortfall, due to a possible movement in the exchange rate, in the funds required to execute the given order.

The Bank only accepts paper-based FCY transfer orders that are submitted on the appropriate form.

An immediate review takes place based on the latest BUBOR/EURIBOR/LIBOR values if the change, of any direction, of the latest EURIBOR/LIBOR exceeds 25 basis points relative to the average EURIBOR/LIBOR applied at the time of the last review, or if this same change exceeds 50 basis points in the case of BUBOR. In all cases the Bank rounds the calculated CIB Prime Rate values up or down to the first decimal place. | | | | | | | | | |

5. DEPOSIT CONDITIONS

5.1. General deposit conditions

Publication of interest rates

CIB publishes its instant-access and fixed-deposit interest rates in the Forint and Foreign Currency Interest Rate Notice for Business and Other Organisations and on its website at www.cib.hu.

Cancellation of deposits

a) Cancellation of HUF deposits prior to maturity

- In the case of corporate HUF fixed deposits the Bank terminates the fixed deposit at the time requested by the Customer, and applies the prevailing instant-access interest rate on current accounts as published in the Interest Rate Notice. In the case of fractional periods shorter than one month, the interest on the deposit is 0% starting from the initial, or the rollover, date.
- In the event of premature termination of a CIB Electronic Deposit, the interest on the deposit is 0% starting from the initial, or the rollover, date.

b) Cancellation of a part-amount of a HUF deposit

- In the case of a corporate HUF fixed deposit, the interest amount calculated on the basis of the instant-access interest rate pertaining to HUF bank accounts, valid at the time of cancellation and published in the Interest Rate Notice, is paid on the cancelled part of the deposit.
- In the case of fractional periods shorter than one month, the interest on the deposit is 0% starting from the initial, or the rollover, date.
- The non-cancelled part – provided that the amount thereof is equal to or more than the minimum deposit-fixing amount – continues to earn interest from the last rollover date at unchanged terms, at the interest rate applicable to the given amount and term.
- If the non-cancelled part is less than the minimum deposit-fixing amount, the entire deposit is regarded as having been cancelled, and the Bank proceeds in accordance with point a) above.

The cancellation of a part-amount of a corporate HUF fixed deposit is only possible in person at a branch, or by fax. It is not possible to cancel a part-amount of a CIB Electronic Deposit.

c) Cancellation of FCY deposits prior to maturity

- On the second banking day following receipt of the Customer's written request, the Bank terminates the fixed deposit, and when calculating the interest, applies the instant-access interest rate pertaining to the given currency and valid at the time of the cancellation of the deposit, as published in the Interest Rate Notice. It is not possible to cancel a part-amount of the deposit.
